

# FIESTA EDUCATIVA, INC

June 18, 2010

To the FCC Chairman and Commissioners:

Chairman Julius Genachowski  
Commissioner Michael J. Copps  
Commissioner Robert M. McDowell  
Commissioner Mignon Clyburn  
Commissioner Meredith Attwell Baker  
Federal Communications Commission  
445 12<sup>th</sup> Street, S.W.  
Washington, DC 20554

*Re: MB Docket 10-56*

*Dear Chairman and Commissioners:*

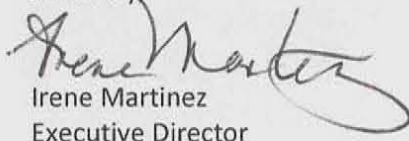

Fiesta Educativa, Inc. is a California community-based non-profit organization serving families who have children with disabilities and special needs. We serve primarily Latino families, the majority of which are Spanish speaking, and who reside throughout California. Our services to families include a range of education and training programs, including home-based services, information and referral, and an employment services program for young adults with disabilities. All our communications are in English and Spanish.

Our organization has had a long-term relationship with Telemundo so we are very knowledgeable about Telemundo's keen understanding of the community and how to best reach it. Fiesta Educativa, Inc. has benefitted greatly from this relationship and we are grateful for the help we have received in reaching our Spanish-speaking families and letting them know about services that are available for their children. In addition, Telemundo over the years has produced excellent programs regarding issues of disability and has contributed to generating community awareness in the Hispanic community. Telemundo's community-friendly style and approach is perfect for working with community agencies and partnering with them.

With respect to the proposed Comcast NBC merger, we believe that it would be in the best interest for all to proceed in that direction—particularly for the Hispanic community. The philosophy and resources that Comcast would bring to the merger would greatly enhance Telemundo's reach into the community. In addition, the two share a very compatible philosophy and values. This could only result in an expanded and more in depth programming for the Hispanic community and the community at-large.

We respectfully request your consideration of this proposed merger.

Sincerely,

  
Irene Martinez  
Executive Director
